Paul Hobbs is one of the most famous winemakers in the world. The first restaurant in the world to serve Paul Hobbs wines was Stage Left way back in 1993. He is a dear and loyal friend. He doesn't do a lot of wine dinners, as he's busy making wine on three continents. But every year since 1994 he's made time to visit with us and you.

Come help us celebrate with our old friend Paul.
